Bootstrap Framework

Very Important:
View and edit the following Data on the Overview Leads Dashboard:
- Comments on each Lead (with date and time)
- Change Lead Assigned to fast
- Change Lead Status fast

In the Search Column find any Lead by inputting phone, email or name

On the Lead Overview Page:
1. See the Phone Number
2. See and edit the Notes, Lead Source and Lead Owner.

- Add Lead Source:
  Dave Traffic
  eTo
  CashB Ltd
  Old Leads

- Add Lead Owners:
  SuperAdmin support@advancetrade.org

  2 Agents with different access
  Felix Wagner felixwagner@advancetrade.org
  Sebastian Reich sebastianreich@advancetrade.org

- Affiliator Login to CRM:

David Traffic   Travka8000@gmail.com

Build a Laravel CRM System

Hello, I'm looking for a Laravel Expert for developing our Back End CRM System. We want to be able to manage our Leads, assign leads to Users, write comments, add lead sources, add lead owners etc.
Our team has 1 Super Admin and 3 Users that get leads assigned.
Please let me know if you have skills doing this and if so please share when you are available for an introduction call.
Thank you

Global

Sales

- 👥 **Sales**
- 👥 Retention
- 💬 Chat
- 📅 Calendar   8

⌃ FINANCE

- 📋 KYC/AML
- 💳 Deposits
- 🏛 Withdrawals   8

⌃ TRADING

- ☰ Auto Traders
- ☰ Open CFD Orders
- ≡ CFD Orders History
- 🔢 CFD Accounts
